Education:

San Jose State University, GRADUATING WITH HONORS - 2015
San Jose, CA.

Bachelor of Fine Arts in Spatial Art

Cumulative GPA: 3.7 – Magna Cum Laude

Dean's Scholar – 2014/15

While at SJSU, I built upon my previous art education with new challenges in two and three-dimensional mediums, as well as training in all aspects of Digital media art. Additionally, I continued my undergraduate studies in Environmental science, while increasing my artistic skill-set. As a result, this enabled me to create a much stronger body of overall sculptural work, which culminated in a successful B.F.A. exhibition show of mixed media sculptures.

DeAnza Junior College GRADUATED WITH HONORS - 2011
Cupertino, CA.

Associate of arts, Liberal Arts (Arts & Letters emphasis)

Cumulative GPA: 3.7 – Magna Cum Laude

Dean's List for 5 quarters

My focus here was on building the dynamics of my artistic skills. Overall education included work within a variety of two and three-dimensional mediums, with a strong emphasis on clay sculpture. Undergraduate study emphasis was also on Environmental Studies, Anthropology, and Psychology.
